December 21st is the Winter Solstice, the longest night of the year.

The National Coalition for the Homeless designates it "National Homeless Persons' Memorial Day." On this day, WHEEL (a grassroots organizing effort) and Mary's Place (an ecumenical ministry) will stand a special one-hour, candlelight, Women in Black vigil to remember all the homeless men and women who have died this year outside or by violence in King County.

Since our vigils began 18 years ago, more than 950 men, women and children have died outside or by violence. In 2018, we've broken our hearts & all previous records: at least 108 people have died outside or by violence—at the average age of 49 years old.

Please join us for our Women in Black Solstice activities, starting at sunset (4:20 PM) at our Tree of Life! Women and men are welcome; candles are provided, and we'll join together for a post-vigil gathering to share stories, fellowship and comfort!
